Kingskerswell Parish Council

Risk Management Policy & Schedule

April 2026 – March 2027

Date: 4th March 2022
Agreed at Full Council Meeting – 11th May 2026

Introduction

Risk is a threat that an event or action will adversely affect the council's ability to achieve its objectives, implement its strategies and provide its services.

Risk management is the process by which risks are identified, evaluated, addressed and reviewed.

The council recognises that it has a responsibility to take all reasonable and practical measures to safeguard its employees, the people it works with and provides services for; and to protect the natural and built environments for which it is responsible.

The council is aware that some risks cannot be eliminated fully and has in place a strategy that provides a structured, systematic and focused approach to managing risk and including where necessary, the introduction of internal controls and/or appropriate use of insurance cover.

Objectives

The objectives of the risk management policy are to:

- Integrate risk management into the culture of the council
- Manage risk in accordance with best practice and legislative requirements
- Minimise loss, disruption, injury and damages
- Inform policy and operational decisions by identifying risks and their likely impact
- Raise awareness of the need for risk management

These objectives will be achieved by:

- Identification of risk
- Undertaking risk assessments
- Managing the risk and recording actions
- Incorporating risk management considerations into council processes
- Providing appropriate training
- Establishing clear roles, responsibilities and reporting lines
- Effective communication with, and active involvement of, employees and other stakeholders

Risk Management Schedule

The risk management schedule enables the parish council to assess the risks that it faces and confirm that it has taken appropriate steps to manage those risks.

The risks are identified, described and evaluated according to the potential consequence of the risk occurring and how likely this is i.e. high, medium or low risk.

Policy Status and Review

This policy was adopted by the KKPC at a meeting of the full council on 25th April 2022. It will be reviewed periodically by KKPC. Date of last review May 2026.
